Dear Shareholders,

I am writing to you on behalf of our Board of Directors and executive management team to provide you with a report on the financial position and results of operations for the nine-month period ended September 30, 2024. We continue to operate in an economic environment that is defined by increased competition and great uncertainty. We face greater challenges to earnings and growth than in previous years. Nine-month net income of \$1.95 million reflected a \$267 thousand decrease from September 2023 net income of \$2.22 million. Our year-to-date net income represents earnings per share of \$1.80 and a Return on Average Assets of 0.76%, which is comparable to peers.

During the first nine months of 2024, loans grew \$2.9 million or 1.3%. Year to date interest and fees on loans exceeded \$9.7 million, a year over year increase of \$1.2 million resulting from rising interest rates. This led to a 65-bps improvement in the composite loan yield to 5.93%. Deposit balances grew by \$5.8 million to \$314.6 million with a 1.70% composite deposit cost, which was a dramatic increase compared to the prior year. Rising interest rates resulted in an increase of \$1.72 million in interest expense. Investment balances reported at fair value with a third quarter-end balance of \$93.2 million. The Bank's investment portfolio remains in an unrealized loss position due to the effect of the rising interest rates on the fixed rate bonds in the portfolio. Management has taken steps to strategically address investment holdings to improve earnings.

The increased interest income and interest expense resulted in a net interest income increase of \$498 thousand with a tax equivalent net interest margin of 3.30%. Noninterest income remained relatively constant while noninterest expense increased \$535 thousand (8.9%) attributed partially to an increase in salary and benefits costs associated with increases salary expense of \$171 thousand and an increase in the pension expense of \$160 thousand due to settlement accounting requirements with the Bank's defined benefit retirement program. Other contributing factors to the increased noninterest expense include increases in FDIC assessment, audit fees and loss on sale of repossessions. Management remains diligent in our efforts to manages the expenses within our control and are taking additional measures to increase income.

Our Timberlake Branch location in Lynchburg is progressing well and we hope to open the beginning of the new year. As stated before, with our commitment to remaining independent, we must look to expand our market. This is a strategic initiative that has been considered for some time, and we are excited to see it come to reality. More information will be shared as it becomes available. I would also like to make you aware that Dawn Tolley, the Bank's Executive Vice President and Chief Financial Officer retired after a dedicated 30-year service to our institution. We wish Dawn well at this new season of her life and thank her for all of her efforts to advance our Bank.

As always, I remain thankful for you, our valued shareholders and customers that allow us to continue on this path of community banking. We add value to the communities we serve and do so with a personal touch. We are attentive, responsive and dedicated to our customers and small businesses. In addition, we value and provide employment to close to 80 banking professionals. We continually keep our eye to the future while being grounded in the core values that have brought us this far. Please take time to recommend us to your associates and friends. Your Community, Your Bank, Your Future... We appreciate your loyalty and support.

Sincerely,

John R. Caldwell President & CEO DOUGLAS M. WEBB Chairman of the Board
